Dear Business Leader,

I would like to invite you to participate in the New Hampshire Scholars Initiative. This important program is a partnership between our local schools and our business community, designed to better prepare students for success in higher education and the workforce through a rigorous high school curriculum.

Through the New Hampshire Scholars Initiative, schools are partnering with area business leaders in an effort to inspire more students to complete the state's core curriculum, better preparing them for college and workplace success.

Preparing our high school graduates for success in whatever path they choose is important to New Hampshire's future.

Many New Hampshire schools have already chosen to join the State Scholars Network, which shows a commitment to promoting rigorous academics and to strengthening successful partnerships between the schools and local businesses. In order to continue the success of this important program, the New Hampshire Scholars Initiative needs the participation of strong community business leaders like you.

This is your opportunity to influence the future of your business and our state's economy.

Once students commit to being a New Hampshire Scholar, business presenters will continue to partner with other local businesses and our schools to develop incentives and academic support structures to ensure these students complete the core course curriculum.

I look forward to working with you as we prepare our youth for the 21st century.

I encourage you to visit the State Scholars website at www.NHscholars.org and to call its director Scott Power at 603.225.4199 x300, spower@nhcuc.org for more information.

Thank you for your interest.

Sincerely,

A handwritten signature in black ink, appearing to read "John H. Lynch".

John H. Lynch
Governor
